Update: Christ's College Provision for Key workers and Vulnerable students

Dear Parent/Carer

Following guidance regarding reducing the impact of the transfer of infection, we are now going to move to students coming in their own clothes. Therefore, please can you send your child to school with be easy and quick to wash, sensible clothing. They will be doing some form of exercise so jogging trousers, T shirt and jumper would ensure that students are comfortable and can take part in exercise too. We would encourage that these clothes are washed after attending the school day to minimize the possible risk of transfer of the virus.

Many thanks for your support, during this unprecedented time.

Yours sincerely,

Mrs J Roberts
Principal
